

LCD PEARLS FIX MACHINE

Features

1. **High Speed** : Over 350 Pearls Per Minute So As To Increase Production Efficiency Substantially;
2. **Low Air Consumption**: Only 50% Air Content Is Consumed Compared With Same Product Manufactured By Averages So As To Save Electricity By 40%;
3. **Low Defect Rate**: Originally Imported Cylinder And Chips Ensure High Quality;
4. **Easy Operation**: Multiple Humane Design To Simply And Prompt Regulation And Reparation;
5. **Simple Interface**: Full Digital Control And Lcd Display;
6. **Multiple Languages**: Multiple Languages Are Supported Such As Chinese, English, Russian, Arabic Etc.

Specifications

Working Power Supply	Ac220v 50/60hz
Working Pressure	0.5 Mpa
Power Consumption	5w Static, 200w Dynamic
Speed	> 350per Minute, Adjustable
Size Of Pearls	4mm-10mm Optional
Color	Singel Color
Overall Dimensions	1100mm×900mm×1000mm
Weight	85kg
